

About AeroNext

AeroNext Consulting & Management is a Bangladesh-based consulting firm serving both local and foreign businesses seeking operational excellence, regulatory compliance, and sustainable growth.

We specialize in simplifying complex administrative, legal, and technological environments by delivering tailored, end-to-end consulting solutions. Our services support organizations across the full business lifecycle—from market entry and entity setup to regulatory compliance, ISO certification, and intellectual property protection.

By combining deep local expertise with international best practices, AeroNext helps clients transform operational and regulatory challenges into long-term competitive advantage.

” Ambition

To be a trusted consulting and execution partner enabling businesses to establish, operate, and grow seamlessly in Bangladesh and beyond.

” Commitment

We are committed to simplifying complexity through expert guidance, regulatory integrity, and practical solutions that drive lasting growth.

Business Objectives

Business Plan: Roadmap to Market Leadership

Define and execute a multi-year strategy focused on client acquisition, service diversification, and expansion across key economic zones in Bangladesh.

Strategic Objectives: Compliance & Growth

Ensure 100% client compliance with all local regulations (Tax, BIDA, IP) while achieving a target annual revenue growth of 30% through service cross-selling.

Systems & Solutions: Digital Foundation

Develop a best-in-class internal and client-facing technology platform to streamline client onboarding, service delivery, and real-time compliance tracking.

Operations of Solution: Excellence Delivered

Establish clear, measurable KPIs for all service lines (e.g., ISO certification cycle time, payroll accuracy rate) to guarantee consistent, high-quality operational outcomes.

Why Choose AeroNext

We design every solution around our clients' unique needs — ensuring personalized strategies, clear communication, and lasting results.

We proactively identify and manage risks associated with financial governance, taxation, and non-compliance, ensuring your business is secure and sustainable.

We combine a deep understanding of local laws, customs, and bureaucracy with a commitment to international best practices (like ISO standards).

We eliminate the need for multiple vendors. From initial company registration and BIDA approval to ongoing tax compliance and IT implementation, we cover your entire operational lifecycle.

Our specialized IT Solutions team ensures your administrative and operational processes are optimized and future-proofed, delivering genuine efficiency gains.

The Co-Founder

RAJIB AHMED

The founder is a dynamic, multi-disciplinary leader with over a decade of hands-on operational experience across diverse roles and industries. His background spans strategic planning, regulatory coordination, and operational execution, enabling a balanced approach to both strategy and implementation.

Recognizing the need for integrated, high-impact consulting solutions in Bangladesh, he established AeroNext to bridge global business expectations with local operational realities. The firm was founded to deliver structured, end-to-end solutions that simplify complexity and support confident decision-making.

A results-driven professional, his vision is to support a wide range of clients—from startups to multinational organizations—by streamlining operations, strengthening governance, and implementing scalable processes that create sustainable competitive advantage.

Doing Business in Bangladesh

Bangladesh: Market Snapshot

- › Access to Bay of Bengal trade routes
- › Strategic gateway between South & Southeast Asia
- › Regional hub for manufacturing and services
- › Growing middle-income consumer base
- › GDP is growing at an annual rate of 6–7%, one of the fastest in South Asia.

- › Large, young, and productive workforce
- › Exports dominated by RMG, pharmaceuticals, leather, light engineering
- › Major export destinations: EU, USA, UK, Canada
- › Expanding infrastructure: ports, metro rail, expressways, power generation

Bangladesh combines scale, cost efficiency, and long-term growth potential for regional and global investors.

Why Global Companies Choose Bangladesh

- › Competitive cost structure
- › Large domestic market + export access
- › Improving infrastructure and digital adoption
- › Strong government focus on FDI and private sector growth
- › Graduation from LDC to Developing Country by 2026

170+ million
Population
